

# Wall Hatch Stainless frame type

## WMS [WMS Stainless with Key]

 <b>Frame Type</b>	 <b>General Type</b>	 <b>Other</b> Way of outer frame mounting	 <b>Slide opening</b>
		 <b>With Key Type</b>	 <b>Customize dimension</b> 300×300~450×600mm

## Stainless frame type suited for tile finish

**With Lock Key / Hexagon socket head cap**  
Adapt the high crime prevention "Dimple key" suited for Plumbing inspection in the place where a crowded station premise and entrance in condominium etc are.

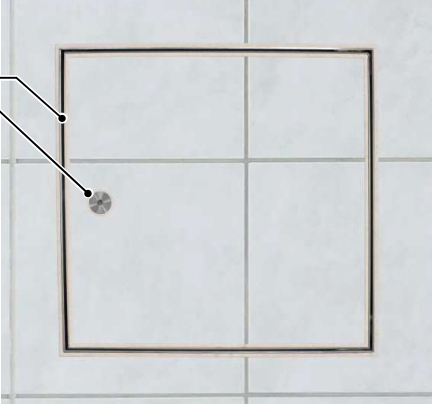

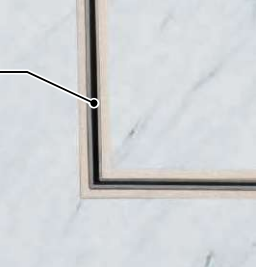

**Simple design**  
Only the Frame and Key cap stand out.

**Axis type**  
"Axial rotation mechanism" that doesn't use the hinge.

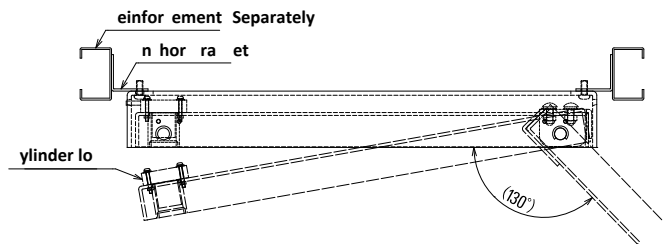

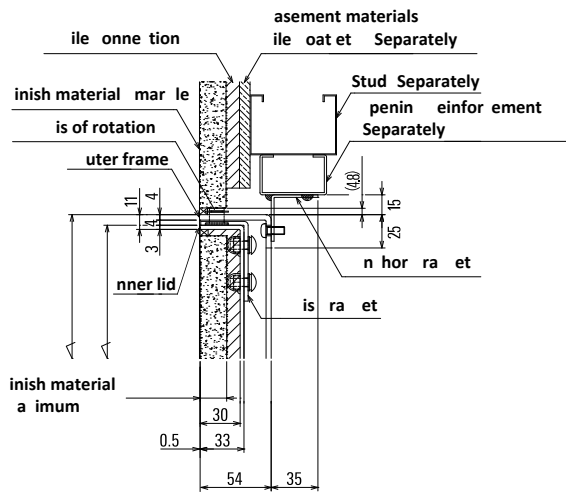

**Left or Right opening**  
Corresponds to the enforcement both of Left and Right opening.

**Frame type**  
Slim frame type whose total width is 11mm.

**Finishing**  
Corresponds to until 1kg tile finishing.
