Material specifications

Parts	Materials	Finish
Inner-Outer Frame	SUS304	HL (Flame Part)
Lock	SUS304	—
Support bracket	SUS304	—
Hinge unit	SUS304	—
Board holder	SUS304	—
Air-tight material	EPDM	—
Hanger	SUS304	—

Model	Size	Outer frame dim. (mm)	Opening dim. (mm)	Inner Frame Board Cutting size (mm)	Name	Unit	Qty per Carton	Accessories(pcs) Hanger
CDS	45	465.4	454	412	CDS45	1	5	4
	60	617.4	606	564	CDS60		3	4

● Installable on wood. (Screws not included)

- The CDS ceiling access hatch improves HVAC efficiency but is not fully airtight.
- Stainless steel is generally rust-resistant but can stain or corrode depending on conditions.
- Even corrosion-resistant CDS hatch may corrode quickly in pools or sulfur-rich hot springs.
