| Waterproof for Outdoor Use

- ✓ Protects inside space from rain and splashes. Waterproof (IP Rating : IPX4)
- ✓ Overhung door enhances waterproof performance.

What is IPX4? _____
Ingress protection rating indicating resistance to water splashes from any direction.

| Safety Design for Door Operation

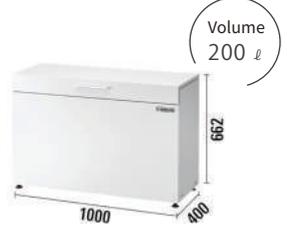

- ✓ Dual gas dampers for safer door operation.
- ✓ 20,000-cycle durability tested.

*Equivalent to roughly 10 years of use, assuming two to three opening and closing cycles per day.
*Durability is not guaranteed perfectly, it may vary depending on usage conditions and frequency.
